PROBLEM IDENTIFICATION AND RESOLUTION:

The Benson Police Department is comprised up of 26 total personnel. The City of Benson sits at a cross roads of three major highways, I-10, State Route 80, and State Route 90. The City of Benson is located approximately 50 miles east of Tucson, in the San Pedro River Valley. The City's population is approximately 4,900, and comprised of retirees and working age citizens. The climate in Benson is considered mild when compared to the larger metropolitan areas around the state.

The City of Benson is located at the southeastern corner of the State of Arizona in the San Pedro Valley and is located within Cochise County. Benson lies 50 miles southeast of Tucson which is the closest large city. Benson is proximate to the Mexican border via 50 miles south and is a 100 miles west of the Arizona State & New Mexico borders. The Naco Corridor runs through Benson. Major roadways within the City of Benson proper, are five miles of Interstate 10, three miles of State Route 80 and ten miles of State Route 90. The Interstate 10 corridor has been involved with Mexican border drug activities that influence the increased need for a sophisticated information exchange system. The 2000 population census logged a population of 4,131 and this population has increased steadily showing a 2006 census population of 4,934. The population is a mix of retirees and working age citizens.

In 2008 there was a increase in the number of speed related injuries and fatalities, and a significant decrease in the number of speed related citations issued. The Benson Police Department owns two radar units, both of which are at least ten years old. In 2008 the radar units spent more time in the repair shop than they spent in the patrol cars and in use. Traffic has increased on both State Route 80 and State Route 90, as they are both major routes to and from Mexico. In early 2009 one of the two radar units was found to be too expensive to fix, leaving the Benson Police Department only one operational radar unit. With only one radar unit it means that only one area of the city can be monitored at any given time regardless of how many officers are in the field. This lack of resources significantly limits the Benson Police Department's ability to properly enforce speed limits throughout the city and thus protect its citizens.

Any efforts to replace the radar units have been unsuccessful due to a lack of available funds. Grants that have been available have been focused on DUI enforcement which has caused an increase in DUI arrests. It has become economically impossible to continue to repair the radar units currently owned by the police department.

Benson Police Department hopes to solve the problem by purchasing the new radar units with grant funds, and deploy them in the field with proactive officers. Currently they have only put one radar unit in the field. If more than one officer wants to utilize the radar, officers must work together and thus concentrate resources in only one area. This practice does not allow the police department to enforce speed limits in more than one area at a time. This lack of resource limits the police department's ability to protect the citizens of Benson.

OBJECTIVE:

Federal 402 funds will support the purchase of Capital Outlay (three (3) radar speed detection devices).

This project will be targeted at identifying and taking enforcement action on aggressive drivers, impaired drivers, occupant protection, speeding, and other highway safety related laws to reduce injuries and fatalities throughout the City of Benson by seven percent.

METHOD OF PROCEDURE:

The Benson Police Department will include the following activities as part of the enforcement operations:

1. To maximize effectiveness of the 402-funded overtime and enforcement equipment, the Benson Police Department will determine enforcement activities by using one or a combination of the following:
 - a) Citizen complaints
 - b) Traffic crash data
 - c) Holidays
 - d) Community events
2. Conduct ongoing public information and education programs to promote traffic safety and driver awareness.

The Governor's Office of Highway Safety has public information and education materials. These materials may be available at no cost to highway safety advocacy groups and jurisdictions. Personnel of the Benson Police Department may distribute these materials at health fairs, community events, and enforcement activities, i.e., sobriety checkpoints and news conferences.

3. Increase enforcement capabilities by purchasing (three (3) radar speed detection devices).
4. Participate in multi agency task forces, specifically the statewide Arizona DUI Task Forces.

The Benson Police Department will also participate, as necessary, with the Arizona statewide DUI Task Forces. The mission of these Task Forces is to *"Unite Arizona communities to implement a coordinated public information and education campaign along with combined DUI enforcement activities with an emphasis on holidays and specific event days throughout the year."*

And, in addition, it is the responsibility of the Benson Police Department to report all holiday task force or individual agency enforcement statistics to

GOHS on-line at the GOHS website no later than 1000 hours the morning following each day of the event. The holidays and special events include: Super Bowl Sunday, Valentine's Day, President's Day, St. Patrick's Day, Spring Break, Easter, Cinco de Mayo, Prom Night, Memorial Day, Graduation Day, Independence Day, Labor Day, Columbus Day, Halloween, and the Thanksgiving through New Year's details.

PLEASE NOTE: Failure to report statistics on time and correctly may result in reimbursements being denied.

Errant drivers contribute to the growing problems of hazardous traffic conditions and criminal acts related to traffic. To adequately address these unique issues, a concentrated and dedicated enforcement and a public awareness campaign is mandatory. To successfully modify errant drivers, the law enforcement must develop a new strategy. This strategy must include intensive pro-active enforcement and public awareness campaigns.

The Benson Police Department will carry out a comprehensive enforcement and public awareness program. This program will specifically target speed, DUI, seat belt, and child restraint violations. The Benson Police Department agrees that the key to a long-term solution to the problem of errant drivers is education. This program will actively participate in a public information and education campaign using both the electronic and printed media. This activity will include carrying out a comprehensive program of public service and awareness announcements that will detail the objectives of the program. The Benson Police Department will design these to heighten the awareness of the public to the hazards of excessive speed, aggressive driving, DUI, seat belt, and child restraint violations.

It is the policy of this program that personnel will take an aggressive approach to the enforcement of traffic and criminal statutes relating to these violators. The goal of the officer will be to correct the offender's behavior in a way that will make a lasting impression. Standard enforcement approaches may not result in such permanent change. Therefore, strict "zero tolerance" enforcement will be the methodology during this program.

IMPAIRED DRIVER ENFORCEMENT OVERTIME REQUIREMENTS:

Overtime funding through this contract is limited to officers and/or deputies that, at a minimum, are certified in Standardized Field Sobriety Testing (SFSTs).

PRESS RELEASE:

Agencies are required to develop and distribute a press release announcing this grant award (a copy of this press release shall be sent to the GOHS Director at the same time it is sent to the media). This press release shall include the objective and specify that the funding is from the Governor's Office of Highway Safety.

BAC TESTING AND REPORTING REQUIREMENTS:

Alcohol impairment is a major contributing factor in serious and fatal motor vehicle crashes. Accurate data on alcohol involvement is essential to understanding the full extent of the role of alcohol and to assess progress toward reducing impaired driving.

Arizona is presently below average among the states in the Blood Alcohol (BAC) testing of fatally injured and surviving drivers involved in fatal motor vehicle crashes.

Each law enforcement agency that receives an enforcement-related grant is required to ensure that this data is reported. Failure to comply may result in withholding funds and cancellation of the enforcement contract until this requirement is met.

PURSUIT POLICY:

All law enforcement agencies receiving federal funds are encouraged to follow the guidelines established for vehicular pursuits issued by the International Association of Chiefs of Police that are currently in effect.

EQUIPMENT:

(Three (3) radar speed detection devices)

The Benson Police Department shall immediately notify GOHS if any equipment purchased under this contract ceases to be used in the manner described in this contract. In such event, the Benson Police Department further agrees to either give credit to the project cost or to another active highway safety project for the residual value of such equipment in an amount to be determined by GOHS or to transfer or otherwise dispose of such equipment as directed by GOHS.

No equipment shall be conveyed, sold, salvaged, transferred, etc., without the express written approval of GOHS.

The Benson Police Department shall maintain or cause to be maintained for its useful life, any equipment purchased under this contract.

The Benson Police Department shall incorporate any equipment purchased under this Contract into its inventory records.

The Benson Police Department shall insure any equipment purchased under this Contract for the duration of its useful life. Self-insurance meets this requirement.

Administrative and Maintenance Costs:

The Benson Police Department shall be responsible for all administrative, maintenance, operational costs and the costs of any damage relating to the (three (3) radar speed detection devices).

Decals:

The Governor's Office of Highway Safety shall provide the Benson Police Department with decals depicting the Governor's Office of Highway Safety logo. These decals shall be affixed to the equipment before being placed in service.

Equipment Purchase:

The equipment purchased under this contract shall be ordered, received, training completed, and placed in service prior to the end of the project period.

If this requirement cannot be met, a typed extension request shall be signed by the Project Director on the Agency's letterhead and submitted via mail or hand delivered to the Director of the Governor's Office of Highway Safety within sixty (60) days before the end of the project period. Failure to comply may result in cancellation of the contract.

Original Purpose of Equipment:

Pursuant to 23 CFR § 1200.21, all equipment purchased under this contract is to be used for the original purpose intended under this contract. All equipment shall be used for the originally authorized grant purposes for as long as needed for those purposes, as determined by the NHTSA Regional Administrator, and neither the State nor the Agency (sub-grantees) or contractors shall encumber the title or interest while such need exists.

The NHTSA Regional Administrator may reserve the right to transfer title to equipment acquired under this the Section 402 program to the Federal Government or to a third party when such third party is otherwise eligible under existing statutes.

Furthermore, 49 CFR § 18.32.c.1 states that Equipment (acquired under this grant) shall be used by the grantee in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by Federal funds. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

Insurance:

It is agreed that the Benson Police Department shall adequately insure all capital equipment purchased under this contract for repair or replacement.

Requirements for Speed Detection Devices:

The successful vendor must certify that the speed detection devices purchased are on the IACP Consumer Products List and must meet, or exceed, NHTSA/IACP model specifications.

All officers using the speed detection devices purchased under this contract must successfully complete a National Highway Traffic Safety Administration (NHTSA) approved training course.

The Benson Police Department will train a minimum of two (2) officers per unit or will provide documentation (copy of the training certificates) showing that the officers have already received the required training.

METHOD OF PROCUREMENT:

Procurement procedures shall be in accordance with the Project Director's Manual and Schedule C, Section X. Additionally, the Benson Police Department shall follow State Procurement Code.

A clear audit trail must be established to determine costs charged against this contract. Substantiation of costs shall, where possible, be made utilizing the Benson Police Department documentation consisting of, but not limited to, copies of time sheets, purchase orders, copies of invoices, and proof of payment.

The Project Director shall retain copies of all documentation in the project file.

State Contract:

Procurement may be made using an open state contract award. Documents submitted to substantiate purchase using an open state contract must bear the contract number.

PROJECT EVALUATION:

This project shall be administratively evaluated to ensure that the objective has been met.

The Project Director shall submit a Quarterly Narrative Report to the Governor's Office of Highway Safety at **the end of each calendar quarter during the project period**. These reports shall reflect quarterly accomplishments, progress, and status of the project. At select times during the project period, specific information may be requested by State and Federal officials. The Project Director shall be required to supply this information within a reasonable time period as set forth in a request.

Note: Failure to comply with the quarterly report requirements may result in withholding of federal funds or termination of the contract.

SCHEDULE C

This CONTRACT, is made and entered into by and between the STATE OF ARIZONA, by and through the Governor's Office of Highway Safety (GOHS) hereinafter referred to as "STATE", and the agency named in this Contract, hereinafter referred to as "AGENCY".

WHEREAS, the National Highway Safety Act of 1966, as amended (23 USC §§401-404), provides Federal funds to STATE for approved highway safety projects; and

WHEREAS, STATE may make said funds available to various state, county, tribal, or municipal agencies, governments, or political subdivisions upon application and approval by STATE and the United States Department of Transportation (USDOT); and

WHEREAS, AGENCY must comply with the requirements listed herein to be eligible for Federal funds for approved highway safety projects; and

WHEREAS, AGENCY has submitted an application for Federal funds for highway safety projects;

NOW, THEREFORE, IN CONSIDERATION OF MUTUAL PROMISES AND OTHER GOODS AND VALUABLE CONSIDERATION, it is mutually agreed that AGENCY will strictly comply with the following terms and conditions and the following Federal and State Statutes, Rules, and Regulations:

I. Project Monitoring, Reports, and Inspections

- A. AGENCY agrees to fully cooperate with representatives of STATE monitoring the project, either on-site or by telephone, during the life of the Contract.
- B. AGENCY will submit Quarterly Reports (one for each three-month period of the project year) to STATE in the form and manner prescribed by STATE. Notice of the specific requirements for each report will be given in this Contract or at any time thereafter by giving thirty (30) days written notice to AGENCY by ordinary mail at the address listed on the Contract. Failure to comply with Quarterly Report requirements may result in withholding of Federal funds or termination of this Contract.
- C. AGENCY will submit a Final Report/Statement of Accomplishment at completion of the Contract to include all financial, performance, and other reports required as a condition of the grant to STATE within thirty (30) days of the completion of the Contract.
- D. Representatives authorized by STATE and the National Highway Traffic Safety Administration (NHTSA) will have the right to visit the site and inspect the work under this Contract whenever such representatives may determine such inspection is necessary.

II. Reimbursement of Eligible Expenses

- A. Ten percent (10%) of the claim amount can be maintained by STATE until satisfactory conclusion of the Contract.

- B. AGENCY'S Project Director, or Finance Personnel, will submit a Report of Costs Incurred Form (RCI) to STATE each time there have been funds expended for which reimbursement is being requested. Failure to meet this requirement may be cause to terminate the project under section XIX herein, "Termination and Abandonment".
- C. AGENCY will reimburse STATE for any ineligible or unauthorized expenses for which Federal funds have been claimed and reimbursement received, as may have been determined by a State or Federal audit.
- D. STATE will have the right to withhold any installments equal to the reimbursement received by AGENCY for prior installments which have been subsequently determined to be ineligible or unauthorized.

III. Property Agreement

- A. AGENCY will immediately notify STATE if any equipment purchased under this Contract ceases to be used in the manner as set forth by this Contract. In such event, AGENCY further agrees to either give credit to the project cost or to another active highway safety project for the residual value of such equipment in an amount to be determined by STATE or to transfer or otherwise dispose of such equipment as directed by STATE.
- B. No equipment will be conveyed, sold, salvaged, transferred, etc., without the express written approval of STATE, or unless otherwise provided elsewhere in this Contract.
- C. AGENCY will maintain or cause to be maintained for its useful life, any equipment purchased under this Contract.
- D. AGENCY will incorporate any equipment purchased under this Contract into its inventory records.
- E. AGENCY will insure any equipment purchased under this Contract for the duration of its useful life. Self-insurance meets the requirements of this section.

IV. Travel

In-State and Out-of-State Travel

In-state and out-of-state travel claims will be reimbursed at rates provided by AGENCY'S regulations, provided that such regulations are as restrictive as those of STATE. Where they are less restrictive, ARS §38-624 and any checklist attached to Schedule B will apply.

All out-of-state travel must be approved in writing in advance by STATE.

V. Standard of Performance

AGENCY hereby agrees to perform all work and services herein required or set forth, and to furnish all labor, materials, and equipment, except that labor, material, and equipment as STATE agrees to furnish pursuant to this Contract.

VI. Hold Harmless Agreement

Neither party to this agreement agrees to indemnify the other party or hold harmless the other party from liability hereunder. However, if the common law or a statute provides for either a right to indemnify and/or a right to contribution to any party to this agreement then the right to pursue one or both of these remedies is preserved.

VII. Non-Assignment and Sub-Contracts

This Contract is not assignable nor may any portion of the work to be performed be sub-contracted unless specifically agreed to in writing by STATE. No equipment purchased hereunder may be assigned or operated by other than AGENCY unless agreed to in writing by STATE.

VIII. Work Products and Title to Commodities and Equipment

A. The work product and results of the project are the property of STATE, unless otherwise specified elsewhere in this Contract. All property, instruments, non-consumable materials, supplies, and the like, which are furnished or paid for by STATE under the terms of this Contract, unless otherwise provided for elsewhere in this Contract, are and remain the property of STATE and will be returned at the completion of this project upon request of STATE. The work product and results of the project will be furnished to STATE upon request, if no provision is otherwise made by this Contract.

B. The provisions of subparagraph A apply whether or not the project contracted for herein is completed.

IX. Copyrights and Patents

Any copyrightable materials, patentable discovery, or invention produced in the course of this project may be claimed by STATE and a copyright or patent obtained by it at its expense. In the event STATE does not wish to obtain such copyright or patent, AGENCY may do so, but in any event, provision will be made by AGENCY for royalty-free, nonexclusive, nontransferable, and irrevocable licenses to be given the United States Government and STATE and its political subdivisions to use such copyrightable material, patented discoveries, or inventions in any manner they see fit. The STATE reserves the right to impose such other terms and conditions upon the use of such copyrights or patents as may be deemed in the best interest of STATE in the event AGENCY is allowed to obtain a copyright or patent.

X. "Common Rule" and OMB Circular No. A-102 (Revised)

"Common Rule" (49 CFR, Part 18): Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments

OMB Circular No. A-102 (Revised): Grants and Cooperative Agreements with State and Local Governments

The application of USDOT "Common Rule" and Circular A-102 requires that:

AGENCY and sub-grantees will use their own procurement procedures, which reflect applicable State and local laws and regulations, provided that the procurements conform to applicable Federal law. The most stringent purchasing requirement at each level must be met.

The Arizona Procurement Code (ARS, §41-2501, et. seq.) and promulgated rules (A.A.C. Title 2, Chapter 7) are a part of this Contract as if fully set forth herein and AGENCY agrees to fully comply with these requirements for any procurement using grant monies from this Contract.

XI. Equal Opportunity

A. Pursuant to the requirements of the Federal-Aid Highway Act of 1968 (U.S.C. §103 et. seq.), AGENCY, as a condition to receiving approval of this Contract submitted under the Highway Safety Act of 1966, as amended, hereby gives its assurance that employment in connection with the subject Highway Safety Project will be provided without regard to race, color, creed, sex, or national origin, and that any contract it enters into with any private agency pursuant hereto will include provisions in compliance with this paragraph (XI).

As a condition of receiving approval of this Contract, AGENCY will be subject to and will comply with Title VI of the Civil Rights Act of 1964 and all applicable requirements of the Department of Commerce regulations as adopted by the USDOT, providing that no person in the United States shall on the ground of race, color, creed, sex, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under the subject Highway Safety Project.

B. If AGENCY fails or refuses to comply with its undertaking as set forth in these provisions, STATE or the USDOT may take any or all of the following actions.

1. Cancel, terminate, or suspend, in whole or in part, the agreement, contract, or other arrangement with respect to which the failure or refusal occurred; and
2. Refrain from extending any further Federal financial assistance to AGENCY under the Highway Safety Program with respect to which the failure or refusal occurred until satisfactory assurance of future compliance has been received from AGENCY.

C. Pursuant to the requirement of Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. §794), AGENCY must operate this Highway Safety Project so that it is accessible and otherwise non-discriminatory to handicapped persons.

XII. Executive Order 99-4

It is mutually agreed that AGENCY will comply with the terms and conditions of Executive Order 99-4, *Non-Discrimination in Employment by Government Contractors and Subcontractors*. Executive Order 99-4 is located in Part II of the Project Director's Manual.

XIII. Application of Hatch Act

AGENCY will notify all of its employees whose principal employment is in connection with any highway safety project, financed in whole or in part by loans or grants under the Highway Safety Act of 1966, as amended, of the provisions of the Hatch Act (5 U.S.C. §7321 et. seq.).

XIV. Minority Business Enterprises (MBE) Policy and Obligation

A. Policy: It is the policy of the USDOT that minority business enterprises as defined in 49 CFR, Part 23, will have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this Contract. Consequently, the minority business enterprises requirements of 49 CFR, Part 23 apply to this Contract.

B. Obligation: The recipient or its contractor agrees to ensure that minority business enterprises as defined in 49 CFR, Part 23 have the subcontracts financed in whole or in part with Federal funds provided under this Contract. In this regard, all recipients or contractors will take all necessary and reasonable steps in accordance with 49 CFR, Part 23 to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts. Recipients and their contractors will not discriminate on the basis of race, color, creed, sex, or national origin in the award and performance of USDOT-assigned contracts.

XV. Arbitration Clause, ARS §12-1518

Pursuant to ARS §12-1518, the parties agree to use arbitration, after exhausting applicable administrative reviews, to resolve disputes arising out of this Contract where the provisions of mandatory arbitration apply.

XVI. Inspection and Audit, ARS §35-214

Pursuant to ARS §35-214, all books, accounts, reports, files, and other records relating to this Contract will be subject at all reasonable times to inspection and audit by STATE for five (5) years after completion of this Contract. The records will be produced at the Governor's Office of Highway Safety.

XVII. Appropriation of Funds by U.S. Congress

It is agreed that in no event will this Contract be binding on any party hereto unless and until such time as funds are appropriated and authorized by the U.S. Congress and specifically allocated to the project submitted herein and then only for the fiscal year for which such allocation is made. In the event no funds are appropriated by the U.S. Congress or no funds are allocated for the project proposed herein for subsequent fiscal years, this Contract will be null and void, except as to that portion for which funds have then been appropriated or allocated to this project, and no right of action or damages will accrue to the benefit of the parties hereto as to that portion of the Contract or project that may so become null and void.

XVIII. Continuation of Highway Safety Program

It is the intention of AGENCY to continue the Highway Safety Program identified in this Contract once Federal funding is completed. This intended continuation will be based upon cost effectiveness and an evaluation by AGENCY of the program's impact on highway safety.

XIX. E-Verify

Both Parties acknowledge that immigration laws require them to register and participate with the E-Verify program (employment verification program administered by the United States Department of Homeland Security and the Social Security Administration or any successor program) as they both employ one or more

employees in this state. Both Parties warrant that they have registered with and participate with E-Verify. If either Party later determines that the other non-compliant Party has not complied with E-Verify, it will notify the non-compliant Party by certified mail of the determination and of the right to appeal the determination.

XX. Sudan and Iran

Pursuant to ARS § 35-391.06 and 35.393.06, both of the Parties hereby warrant, and represent that they do not have, and its subcontractors do not have, and during the term hereof will not have a scrutinized business operation in either Sudan or Iran.

XXI. Termination and Abandonment

- A. The STATE and AGENCY hereby agree to the full performance of the covenants contained herein, except that STATE reserves the right, at its discretion, to terminate or abandon any portion of the project for which services have not been already performed by AGENCY.
- B. In the event STATE abandons the services or any part of the services as herein provided, STATE will notify AGENCY in writing and within twenty-four (24) hours after receiving such notice, AGENCY will discontinue advancing the work under this Contract and proceed to close said operations under the Contract.
- C. The appraisal value of work performed by AGENCY to the date of such termination or abandonment shall be made by STATE on a basis equitable to STATE and AGENCY and a final reimbursement made to AGENCY on the basis of costs incurred. Upon termination or abandonment, AGENCY will deliver to STATE all documents, completely or partially completed, together with all unused materials supplied by STATE.
- D. AGENCY may terminate or abandon this Contract upon thirty (30) days written notice to STATE, provided there is subsequent concurrence by STATE. Termination or abandonment by AGENCY will provide that costs can be incurred against the project up to and including sixty (60) days after notice is given to STATE.
- E. Any equipment or commodities which have been purchased as a part of this Contract and which have not been consumed or reached the end of its useful life will be returned to STATE upon its written request.

XXII. Cancellation Statute

All parties are hereby put on notice that this Contract is subject to cancellation pursuant to ARS §38-511, the provisions of which are stated below.

In accordance with ARS §38-511, this Contract may be cancelled without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of the STATE, its political subdivisions or any department or agency of either, is at any time while the Contract or any extension of the Contract is in effect, an employee of any other party to the Contract in any capacity or a consultant to any other party of the Contract with respect to the subject matter or the Contract.

The cancellation shall be effective when written notice from the Governor or chief executive officer or governing body of the political subdivision is received by all other parties to the Contract unless the notice specifies a later time.

AGREEMENT OF UNDERSTANDING AND CERTIFICATION OF COMPLIANCE

Acceptance of Condition

It is understood and agreed by the undersigned that a grant received as a result of this Contract is subject the Highway Safety Act of 1966, as amended (23 U.S.C.A. §§401-404), ARS §28-602, and all administrative regulations governing grants established by the USDOT and STATE. It is expressly agreed that this Highway Safety Project constitutes an official part of the STATE's Highway Safety Program and that AGENCY will meet the requirements as set forth in Schedules A, B, and C and the accompanying Project Director's Manual, which are incorporated herein and made a part of this Contract. All State and Federal Statutes, Rules, Regulations, and Circulars referenced in this Contract are a part of this document as if fully set forth herein. It is also agreed that no work will be performed nor any obligation incurred until AGENCY is notified in writing that this project has been approved by the Governor's Highway Safety Representative.

Certificate of Compliance

This is to certify that AGENCY will comply with all of the State and Federal Statutes, Rules and Regulations identified in this Contract.

Certification of Non-Duplication of Grant Funds Expenditure

This is to certify that AGENCY has no ongoing nor completed projects under contract with other Federal fund sources which duplicate or overlap any work contemplated or described in this Contract. It is further certified that any pending or proposed request for other Federal grant funds which would duplicate or overlap work described in the Contract will be revised to exclude any such duplication of grant fund expenditures. It is understood that any such duplication of Federal funds expenditures subsequently determined by audit will be subject to recovery by STATE.

Single Audit Act

If your political subdivision has had an independent audit meeting the requirements of the Single Audit Act of 1984, (31 U.S.C.A. §7501 et. seq.), please forward a copy to GOHS, Attention: Fiscal Services Officer, within thirty (30) days of the effective date of this Contract. If such audit has not been performed, please advise when it is being scheduled.

Lobbying Restrictions

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

- A. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

- B. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- C. The undersigned will require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients will certify and disclose accordingly.
- D. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 USC §1352. Any person who fails to file the required certification will be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.
